### Pre-Memorial Day REFLECTIONS ON A PROUD PAST... EDITORIAL, DCJ

"Four score and seven years ago, our Forefathers brought forth upon this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal...."

Across this nation, on Memorial Day, thousands of solo voices in village squares and cemeteries will be echoing these immortal words of Abraham Lincoln which he

scribbled on the back of an old envelope and delivered to the great disappointment of the people gathered at the Gettysburg battlefield who had expected to be harangued for an hour or more. They had no idea that they were hearing one of the great documents of modern literature. At the time that Lincoln spoke, this cemetery on Wolf Island Road in Mattapoisett had been in existence for some years. The weathered marble stones bear dates from the early 1800s and the names are the familiar early settlers of the town. Some had been laid to rest 20 years before the battle of Gettysburg, long before we had a "Memorial Day", but, from that time to our time, these dead lay in honored rest in their small cemetery. Now, their peace has been violated, their stones have been toppled and smashed.

a wound felt even today. But, the cause was just - freedom for all men and women.

In our day, we have a plague of bad seed: people who reject all of the cornucopias of opportunity handed out to them, bad seed who shut their mind to knowledge, who drug themselves and whine that they are not offered top management positions in the business world. These are the nation's cancer. They multiply, without control, destroying those who have to support their purposeless, wasting existence.

The disintegration of a free society has begun when a people does not honor its past or provide for the future. The U.S. based itself on a bedrock of mutual trust, knowledge, sacred honor, and decency. We are given notice now, on Wolf Island Road, that solid rock can be smashed by the energy of individuals who would destroy the only society on the face of the earth who tolerate and support them.

## Mutual Agreement on Contract

MATTAPOISETT SELECTMEN'S MEETING  
MAY 15, 1990-by VIRGINIA MORGAN

Selectman Daniel O. Mahoney last Tuesday presented the Board and Selectmen's Administrator Lois K. Ennis a proposal to break the three-year contract the Administrator has with the Board by mutual agreement.

Selectman Mahoney asked Mrs. Ennis, who appeared taken by surprise, if she would consent to a mutual agreement, for good and valuable consideration agreed upon under the February 13, 1990 contract, that the employment contract be terminated, effective June 30, 1990.

Mrs. Ennis asked, "What are you proposing? There are a lot of issues and I have to know what is involved. There is a lot of work my office (Town Clerk) has undertaken that is not part of this office." She did agree to the termination proposal but commented that she wished Selectman Mahoney had notified her prior to the meeting that this was going to be discussed.

She added, "I could agree wholeheartedly that you need someone full-time. There is a need for that, but there was a financial problem at the time (February 13, 1990) and this position part-time satisfied both ends. I don't want my Town Clerk's office to be the depository of additional duties I've taken on. I've thought about the change

after my talk with you (Selectman Mahoney) three months ago. It isn't comfortable when one party isn't happy; now neither party is happy."

Selectman Mahoney informed his fellow board members, Selectman Bernard F. Talty and Chairman John N. DeCosta, who both were on the board in February when Lois was given the three-year contract, that he has been thinking about this for some time. "This matter does not have to be in executive session because I've researched the statute (Chapter 39, Section 23B) on appropriate action to be taken in executive session. If the subject is personal, such as the employee's mental or physical condition or reputation, it would be executive session. As Lois knows I have not been happy with the three-year Selectmen's Administrator contract, not the details of the contract and duties. This is a bad policy for the town - the unlawfulness of the agreement; also, relating to performance of duties."

In speaking to Mrs. Ennis, Mr. Mahoney said the motion relates to the agreement whereby the provision says the contract may be terminated by mutual agreement. "If you do not agree to a mutual agreement termination I have other information to present to satisfy 'just cause' termination without your consent. If the termination is by mutual agreement, the contract calls for three months' severance pay, which will amount to one-quarter of the \$10,400 salary. Also, to benefit the town, there is no buy-out of the contract if it is mutually agreed on."

Mr. Mahoney said the town's \$10 million budget needs to be looked at by organizing the Selectmen's office promptly. Careful consideration should be given to the employment contract. Three-year contracts are walking law suits; they strongly favor the employee and do not benefit the town, Mr. Mahoney added. When an employer wants to terminate, it creates difficulty and re-

suits in law suits most times. "I believe the prior administration created a situation which makes my situation difficult."

Selectman Talty said, "We were under financial constraints at the time." Mr. Talty made the motion to agree to the mutually agreed upon contract termination, seconded by Mr. Mahoney, and voted unanimously by the Board.

Mr. Mahoney noted that "Lois has cooperated with me and I have no personal objection. I am concerned primarily with the contract and its legality."

He continued, "I would like to ask Town Meeting to amend the Selectmen's salary budget to shift the money of Selectmen's Administrator and Administration salaries to administer the office with Selectmen being given the discretion on filling the positions." He noted that the Massachusetts Municipal Association has assistance to Boards of Selectmen on how to fill administrative full-time positions, what skills are needed and what duties that person should have. "We are stuck with part-time positions. You, Lois, have the Town Clerk job. We need to be in earlier in our budgeting and need to be more involved."

Selectman Mahoney continued, "I'd like to make a change, and I'm more concerned for the future than the past. The details of the Selectmen's Administrator are overly broad. The number of duties you also do as Town Clerk and some you've taken on are too much." Mrs. Ennis agreed and said, "I have no problem with that." (At a previous meeting, Lois had noted she had accumulated many overtime hours preparing for town meeting and she received compensatory time off.)

Mrs. Ennis' main comment during and after the meeting was that she felt it would

up. "It's difficult to give you an answer off the top of my head. I haven't had time to think about it," Selectman Mahoney commented he had felt it could be executive session but found it could not.

The three Selectmen agreed they will make every effort to make the allocation of work suitable for all concerned. An agreement was reached with Mrs. Ennis on the transfer of duties, allocation of duties and physical space between the office of Selectmen and the office of Town Clerk. Both Mrs. Ennis and Mr. Mahoney agreed there would be need for personnel in the Selectmen's office.

Selectmen Talty and DeCosta made no particular comment except to second the motion and to approve the termination.

In other business, Selectmen:

RECEIVED A LETTER from Police Chief James F. Moran in response to the Selectmen's request that he comment on a complaint made at the May 1 Selectmen's meeting by Manuel DeLima of Martin Avenue, in which he complained of police harassment of his son, Steven, when he was stopped for a tail light out and three police cars responded.

Chief Moran's letter reads, in part, "At approximately 11:30 p.m. April 27, 1990, Officer Walter Norcross, assigned to a cruiser

parked at the Mobil Station at Route 6 and North Street, observed a blue Toyota Celica traveling west go through the yellow light and subsequently this same car squealed his tires coming from a parking lot and facing the cruiser, flicked his high beams off and on twice at the cruiser and left the lot. This incident was observed by Detective Mary Lyons. Officer Norcross and Detective Lyons followed Mr. DelLima and noticed his left rear tail light and number plate light were out. Mr. DelLima told the policemen he did not know about the lights or sticker as the car was his father's. While Officer Norcross wrote the citation, Officer Paul Magee came to assist, if necessary. When Officer Magee observed there was no danger with traffic or the subjects in the vehicle, he cleared and left the area. Both Officer Norcross and Detective Lyons left.

"Shortly before midnight, Mr. DelLima, the officer, came into station demanding to see me. When told I was not there, Mr. DelLima stated he was coming to my house. At the station, Mr. DelLima was very abusive and belligerent saying we should save our citations for people out of town, and that he paid the policemen's salary. The following day, April 28, Mr. DelLima was back at the station and threatened charges of harrasment and

## inSIGHT INTO FAMILY EYE CARE

**What is the difference between sunglasses purchased in retail stores and sunglasses purchased from opticians?**

The most important difference between the two is the standards which these glasses must meet. Sunglasses or eyeglasses purchased from an optician have to meet certain standards set by the state and federal government. Glasses purchased in a drug store do not have to meet these standards. Secondly, if a pair of sunglasses purchased at a drug store should break or be lost you would be out the whole pair. On the other hand an optician can provide you with replacement parts for a pair of sunglasses purchased at his office. This would save on replacement costs.

is Mattapoisett, and people who live here should not get citations, they should be out of town people. Then he said he would go to the selectmen's and would be at town meeting to vote against anything for the police department.

The Chief explained to Mr. DelLima that "when an officer stops a vehicle, he calls it into the station. Department policy requires if possible for a back-up unit to assist. If not needed they go back to their zone. I feel that when a vehicle is stopped on the highway or any way, a police officer can never use too much caution. A back-up unit is not uncommon and good procedure for the safety of the officer and the vehicle he has stopped.

"Also, Mr. DelLima said his son had been stopped for the lights out and given three warnings. It appears to me that Mr. DelLima did get a break the previous three times he was stopped for the same violation. It is not the police officers' fault that Mr. DelLima disregarded the law and was irresponsible in fixing his defective equipment. It appears Mr. DelLima is attempting to fault the police officers for doing their job, because he failed to fix the taillight and have his vehicle inspected, like I have to, and like thousands of other owners must do.

"In closing this report, I would like to say my police officers have been trained in safety when stopping vehicles on the highway. I feel the procedure used in this stop was legal and not harrassment. I feel that when a citizen publicly attempts to justify his own wrongdoing at the expense of the reputation of the police department it is totally wrong, and the public officials should be notified of such false claims."

Selectmen responded to the letter saying the Chief is correct and back-up cruiser procedure should be observed.

HEARD A COMPLAINT from James Bernabeo on what he claims is harrassment by Chief Moran and Detective Edwin Pina. His complaints were listened to by the board members who said they would request from the Chief a report on these incidents cited by Mr. Bernabeo.

Mr. Bernabeo, who now lives in Marion, is owner of the Mattapoissett Jewelry Shop at 42 Main Street. He alleges that police have failed to investigate a report of his goods stolen from behind DeCoffe's Garage on Route 6, where they were being stored. After reporting to the police station, Mr. Bernabeo alleged Officer Janet Kennedy told him it was a civil matter. The second incident involved

Mrs. Mary Robertson, Jim's mother, said Jim was a 35 year old Mattapoisett man who was an athletic enthusiast. Father of a 10-year old daughter, he died in a bicycle accident in Rochester on August 25, 1989.

She said, "Jim participated in a triathlon in Mattapoisett two years ago and got motivated. The fund-raiser will benefit his daughter's education."

Mr. Miller agreed to coordinate the events with Chief Moran and the Rochester Police Department. Mr. Miller said he has checked with both departments and Chief Moran said he saw no problem. ### P.S. Grange Hall Dome

The dome newly placed on the Grange Hall was made by Jeff Canty of J.N. Canty Roofing Company, Inc. of New Bedford and Mattapoisett. At the tower raising last week, Mr. Canty was justly proud of the first dome he has covered, although he has done many other roofs on historical buildings, both locally and in Boston.

The dome covering consists of 36 sheets of lead covered copper. He said it should last over 100 years. "We couldn't use zinc as the stains would discolor the white building; the lead covered copper will not discolor the building."

This photo taken Saturday morning at Ned's Point Veteran's Memorial Park was inspired by the newly mown grass. This park and other public places such as the library lawn and village streets are spick and span ready for the new season. The care by Wes Bowman and his crew shows up so well and is a great reflection upon the town of Mattapoisett.

### Alewives Count is Up

This spring, according to ALEWIVES ANONYMOUS' electronic fish counter, between 44 and 45,000 herring will have made their annual 14 mile run from the ocean up the Mattapoisett River and into Rochester's Snipatuit Pond, their native spawning ground. This is an increase of over 5,000 fish from last year's count.

Next year the organization hopes for even better results following the dredging of a one mile river channel between the pond and Snipatuit Road. The project, sponsored by the towns of Rochester, Marion and Matta-

## Congregational Church MATTAPOISETT.

As we know, clothing does not make the  
man or woman. However, what we are wear-  
ing might reflect what we feel inside. In  
the early church, it was sometimes customary  
to come to one's baptism in old garments,  
and to receive a new robe after the administra-  
tion of the sacrament. This was symbolic  
of new life.

Do we have new life? If so, how are we  
wearing it? The sermon title this Sunday  
at the Mattapoisett Congregational Church  
will be "Putting on New Clothes". The wor-  
ship begins at 10:00 a.m. and nursery ser-

A school outreach program is one of several programs offered to the community by the Historical Society.

We, of course, hope that many of these youngsters will come back this summer and bring their parents. A Family Membership in the Historical Society is only \$10.00 per year, surely one of the best bargains around. Your membership entitles you to visit the Museum as often as you wish, and bring guests, as well as attending Museum programs offered during the year.

Your membership makes possible the preservation of Mattapoisett's past to be shared with today's residents - young and old.

There are 5 membership categories - Life, Sustaining, Family, Single and Student. Our Membership Drive is now underway. If you would like a membership application or have any questions please call Bette Roberts, President, at 758-2844 or 758-2654.

**Q. Settle an argument. Is  
20/20 perfect vision,  
or not?**

It's not. 20/20 means only that you have normal vision for seeing sharply and clearly at a certain distance.

This is only one of the vision skills we need to see well. Your optometrist will test those skills during a thorough vision examination. It takes 30 to 60 minutes to examine our eyes thoroughly and prescribe glasses, contacts or vision therapy, if needed.

You can, for example, have 20/20 vision and still not be able to maintain visual awareness to the side while looking straight ahead; see clearly for reading and other close work; use your two eyes together as a team; judge distances; change your eyes' focus from far to near or vice versa without noticeable blurring and use other vision skills.

20/20 also is not a sign that your eyes are free of disease. Eye health is also checked during a thorough optometric examination.

mands on her already seasoned modern dancers in the evening-length BREAD AND BONES.

Technically, the piece is dependent on precise timing, off center balances and repetition. The two soloists and six chorus members interpret the choreography by fusing traditional dance technique with their own unique artistic expression.

Choreographically, BREAD AND BONES is organized around the visual principals of horizontal and vertical. Often sculptural in feeling, the choreography is reminiscent of contemporary sculpture's grounding in uncanny physical improbabilities. An integral and movable part of the piece is a set composed of seven upright columns designed by Current Dance Company's technical director, Ed Horky. Music for the performance is by Kay Gardner, from her album "A Rainbow Path", and by Sulubika, from "Beyond Coincidence".

Current Dance Company has performed throughout the Southeastern Massachusetts area as well as in Boston and other metropolitan areas. Beth Easterly brings over fifteen years of choreographic, teaching and performing experience to her job.

There will be only two performances at the Marion Art Center. All tickets are \$7.00. Reservations are recommended. Call 748-1266.

level.

For many who live alone, preparing meals doesn't seem worth the effort -- particularly since one's appetite and senses of smell and taste may decrease with age. For singles and couples on limited incomes, wholesome food may seem too expensive. The frail or physically impaired often find shopping and cooking difficult. Any of these situations can lead to malnutrition -- a serious problem for many older people whose nutritional needs are as critical as ever. By making well-balanced meals accessible and appealing, the Congregate Meal Program helps get people back on the right nutritional track.

John Nieman first became interested in painting seriously when he attended the Swain School of Design. A special mural painting course was offered and John was fortunate to be chosen for the class which started him on his way. John has worked locally as an artist and a set painter. His first production was Oliver! which led to many other shows. At Old Rochester Regional High School he did technical and artist work on Cinderella, Don't Drink the Water, and the recent well received production of The King and I.

The Globe Theatre Troupe was fortunate to acquire John's skills on last summer's production of The Importance of Being Earnest. In our December production, My Three Angels, John created a paradise with his garden mural that was both extensive and beautiful.

With LOOT John's talents are self-evident, the garden he has created is breathtaking and he creates depth that is rarely seen on stage. He will also be having an art exhibit upstairs in the gallery of the Rochester Woman's Club.

John's exhibit will run from May 26 through June 4 and promises to be very exciting. For information on John's show or the pro-

## Tobey's 50th Anniversary

Come celebrate! Tobey Hospital's 50th anniversary is a community event.

Join the Tobey Hospital family for a grand birthday celebration on Saturday, June 2nd, from 2 to 5 p.m. on the hospital grounds. The birthday party is being held just about 50 years to the date Tobey Hospital opened on June 1, 1940.

The celebration will include free health screenings, hospital tours, light refreshments, including a specially prepared giant birthday cake, and music. A number of hospital employees will present a brief skit on the history of Tobey, that was written and directed by members of the hospital's 50th Anniversary Committee. Special guests at the party will include retired physicians and former long-time employees, volunteers and trustees. All events at the party are free and open to the general public.

The birthday is the keynote in a year-

long series of events planned to celebrate the hospital's golden anniversary. These programs are planned in the seven towns that comprise Tobey's primary service area, including Bourne, Carver, Marion, Mattapoisett, Rochester, Sandwich and Wareham.

A free anniversary health lecture series will feature eight programs on a wide range of medical topics scheduled in each of the seven towns the hospital serves. A series of seven health fairs will be held in conjunction with other community events in the towns. For a free brochure listing dates and locations of all events call Public Relations at 295-0880, extension 205.

The 50th anniversary year began with the unveiling of a commemorative portrait of the hospital building, painted by watercolorist and Tobey orthopedist Dr. Charles Parsons. The portrait is on permanent display in the hospital lobby. Full-size prints, along with postcards and notecards, are available through the hospital Gift Shop or by calling Public Relations.

The hospital also has a number of other commemorative gifts available for purchase. These include glass mugs with an etching of the original hospital building, and T-shirts with a special 50th anniversary logo. The items will be on sale at the birthday party and are also on sale in the Gift Shop, or by calling the Public Relations Office.

The year-long birthday celebration is being
